## UNCERTAIN, BUT LOOKS LIKE BOSTON

Result of American League Pennant Race Still in Doubt.

The uncertainty in the American League pennant race continues, and promises to continue until the very last game of the season. The maintenance of interest to the end is not a preconcerted scheme to make money, but is the result of a stubborn contest between two well balanced teams. Never have two teams so often alternated in the lead as have Boston and New York. Thurs

as have Boston and New York. Thursday Boston led by one point, Friday night New York was leading by six points, and now Boston again leads the procession by seven points. The concluding games of this memorable contest will be played on the New Tork grounds Monday.

As the situation now stands Boston looks to be a winner. If Collins's mentake one of the two games to-morrow they will land the pennant with a percentage for the season of 611 to New York's 609. In order to win the pennant, New York must take both games from Boston Monday, and, though playing on their own grounds, Griffith's plucky Highlanders will find this a hard day's work.

and on the men, all of whom have played at the utmost tension for more than thirty days, and this nervousness may cause collapse in either at the lest moment. Tannehill, of Boston, and Orth, of New York's pitching staff, are both disabled, so that the two teams must put extra work on their remaining pitchers. Chesbro, who has borne the brunt of the gruelling battle for New York won his game handlily on Friday, but essayed to pitch again yesterday, and was hammered heavily by the Champions. Powell, who officiated for the Highlanders in the second game yesterday, lost by an inopportune and costly error. Boston pitched Gibson Friday and Dineen and Young in yesterday's games. Gibson and Young or Dineen and Orth, Griffith, Chesbro or Putman will probably pitch in Monday's games. All the pitchers are overworked. New York has the very considerable advantage of playing at home, but it has the handicap of having to win both games in order to win the pennant. It has been a great race.

If New York can win both games tomorrow the team will finish with a percentage of 65 to 610 for Boston. Rain may prevent both games, in which ovent the season will end with the figures as at present. and on the men, all of whom have played at the utmost tension for more than

(Special to The Times-Disnatch.)

HAMPDEN-SIDNEY, VA., Oct. 8.—The
work in Hampden-Sidney College is now
well launched, and things are running
satisfactory. The two literary societies
have been organized for the session. These
institutions have been great factors in
college life here and have done a great
work in the past.

The magazine published by the societies
is edited this session by Mr. Warren Wall,
of Farmville, Virginia, the magazine
medalist last year. The first issue is expected to appear in about two weeks.

Foot ball has received a great set back
from the refusal on the part of many
parents to let their sons travel. Great
interest, however, is manifested in the
class contests. The first game of the
series was played on Saturday between canss contests. The first game of the series was played on Saturday between the Juniors and Freshmen, resulting in a victory for the former by a score of 24 to 0. The juniors and sophomores have a game solieduled for Saturday next.

The work along the "Via Sacra" has been laid off and is being rapidly completed. When finished this will be a great improvement both to the appearance of the campus and the footing of pedestrians.

The promoters of the country club are atill at work and hopeful of being able to start on the remodeling of their build-

ing before long.

It is with deep feeling that the people here see Dr. Richard McIlwaine leave with his family on Monday for their future home in Richmond. After his twenty.

that he is about to leave us and make his home elsewhere in the future. There is no man living to-day who has done so much to build up the college and promote its welfare. Moreover, he has been a public-spirited citizen, and has always had the interest of the community and county at heart. He and his family will be greatly missed throughout this section and their departure will be an occasion of sorrow to many. He takes with him the warmest of good wishes of his friends and the carnest hope that his life wherever it may be cast, will be a happy one, as we are sure it will be one of continued activity and great usefulness.

Mr. Aleck Dickinson, of Richmond, has

New goods-from the exquisite China and Bric-a-Brac in the basement, to the magnificent display of Floor Coverings and Draperies on the third floor. The Horse Show next week promises to be a great event in the local history of Richmond and the State at large. Everybody likes to see well groomed horses and well groomed people.

We believe that the exhibit of beautiful things in the largest and handsomest store in Virginia will be equally as interesting as the attractions in the Horse Show building.

Beautiful Carpets and Rugs.

A new store or a new department in a store rarely ever hopes to make the new effort a success from sits very inception.

Of course every piece of Carpet in the house is absolutely new, the prices are at the lowest notch for good merchandise and the unblemished reputation of the entire store is back of the department.

You can't imagine what a beautiful place our Rug Department

is until you see it in person-most exquisite color effects you ever

saw in Oriental and Domestic Druggets and Rugs.

The latter reason is a big factor in the success of anything.

Our Carpet Department is an exception to this rule.

Success has been with us since the day we opened.

## CHARGE OF FORGERY

CHARGE OF FORGERY

(By Associated Press.)

GAINESVILLE, FLA., October S.—The grand jury brought an indictanent against W. M. Holloway, charging forgery. Holloway was a candidate before the last State Democratio primary for the position of superintendent of public instruction against W. N. Sheats, the present incumbent. Holloway defeated Sheats in the primary, but the latter had Holloway arrested charged with a forgery, which he claims caused his defeat. Sheats invited Booker T. Washington to address the State School Superintendents' Convention at Gainesville in February, 1993. He charges that Holloway got possession of the letter and made an interpollation. The question of the legality of the indictment will be argued here next Monday. The State Democratic Executive Committee has requested Holloway resignation from the State licket, which he has refused to give.
